

Vision

To produce computer science professionals who can accomplish path breaking solutions for a better society, through quality technical education on gaining their required interpersonal, entrepreneurial and computing skills.

Mission

- To impart a holistic and experiential learning experience by making use of innovative teaching methodologies.
- To provide optimal technology solutions through collaborative and lifelong learning for industry and societal needs with universal ethical values.
- To nurture leadership skills and facilitate various co-curricular and extra- curricular activities to implant the spirit of entrepreneurship.
- To provide industry-institute-interaction opportunities in order to motivate inter disciplinary research capabilities with an inquiring mind.

PROGRAMME EDUCATION OBJECTIVES (PEOs)

PEO1: Graduates will be competent in creating innovative technologies through inter-disciplinary research and comprehensive skills set that are suitable for the global computing industry.

PEO2: Graduates will be capable of managing leading positions with a broad understanding of the applications of the ethics in evolving computer-based solutions for the social needs.

PEO3: Graduates will imbibe entrepreneurial qualities and develop their career by upgrading their communication analytical and professional skills constantly.

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

MoU with VEI Technologies

This Memorandum of Understanding has been signed with VEI Technologies for strengthening better industry-academic linkages for mutual benefit on 3rd September 2021.

Value Added Courses

Conducted Value Added Courses for II, III and Final year CSE students, to build expertise in their professional subject area, and to help with their job advancement.

Year**Value Added Courses Offered**

II	Building blocks of Java
III	Hardware & Networking Essentials
IV	Web Design

LECTURE SERIES

•All the computer science department students have participated in the Lecture Series on “Mobile Application Development using Android Studio” held on 22-05-2021 organized by Institution’s Innovative Council in association with Department of Computer Science and Engineering, Stella Mary’s College of Engineering.

•All the computer science department students have participated in the Lecture Series on “Innovation in Network Simulation using NS2” held on 29-05-2021 organized by Institution’s Innovative Council in association with Department of Computer Science and Engineering, Stella Mary’s College of Engineering.

•All the computer science department students have participated in the Lecture Series on “Opportunities in Software Testing” held on 21-05-2021 organized by Institution’s Innovative Council in association with Department of Computer Science and Engineering, Stella Mary’s College of Engineering.
